BANK ROBBER GETS

BANK ROBBER GETS

25 YEAR SENTENCE

Harry Starr, Leader of a Gang of
Bandits in Oklahoma.

Chandeler, Oklahoma, Aug. 2—
Harry Starr pleaded giulty to bank
robbery today in the district court
and was sentenced to 25 years in
the penitentiary. A jury was being
impanelled today or the trial of

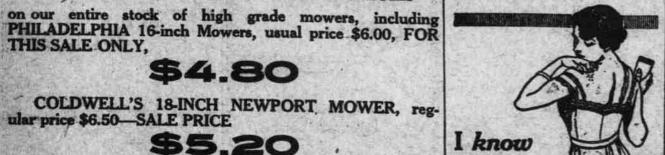

trial of Claude Sawyer, one of
Starr's accomplices.

Starr was charged with the robbery
of two banks in Stroud, Okla, last
March, in which \$5,000 was stolen.
After the robbery, Starr was wounded and, with four of his companines,
was captured.

Many daring robberies were chargto what was known as the Starr
gang of bandits, which was led by
Henry. trial of Claude Sawyer, one

the hall was wanted for a legitimate purpose, there could be no discrimina-tion on the part of the council. Clerk Whipple said there could be if here were any such desire. Our Mid-Summer Sale

Robert M. McGinnis, representing a local picture house, asked for additional street light in Union street, and President Culley informed him that Union street was fairly well lighted

RENTING OF WESTERLY TOWN HALL

Considered at Spirited Council Meeting Monday-Committee on Rates Submitted Report-Question of Leasing Viewed in All Its Phases But Matter Left Undecided-Pearl Street Property Owners Complain of Highway Conditions.

There was a certain degree of sentiment in the Westerly town council against renting the town hall for any purpose, but this sentiment was overfuled in annual financial town meeting, when a vote was adopted that the hall be renied at a sum that would pay all costs and allow for the ordinary wear and tear, and that the free use of the hall be given charitable purposes or sessions of a public nature and all under the direction of the town council. In compliance with that town meeting vote, the council appointed a committee, composed of Councilmen Flynn, Robinson and Larkin, to consider the rates to be charged for the use of the hall. That committee reported at the resular meeting of the town council held on Monday these rates of rental: For one night, with heat, Broad street entrance up to midnight, 330 and 25 an hour for each additional hour; Union street entrance, \$25. Without heat, Broad street entrance, \$25. Union street entrance, \$25. Un

that dancing and refreshments be barred.

President Culley then asked if the council would decide as to who would be allowed to have the hall.

Councilman Flynn said it was not up to the council to say who could use the hall, as the financial town meeting had voted that the hall be rented for public purposes.

Councilman Robinson favored renting the hall for anything, as the people had so directed. He could see no harm in the use of the hall for a dance or a dog show.

Councilman Haswell, chairman of the town committee, stated that work on the highways was often interfered with by drivers of vehicles, although effort was made to not inconvenience the public any more than was absolutely necessary. Teams and automobiles had been driven over unfinished sections of the highways paying no attention to public warnings and printed requests. He submitted an ordinance overing the matter which was adopted and prohibits the passage over roads that harm in the use of the hall for a dance or a dog show.

Clerk Whipple, custodian of the building, said that he would not have anything to do with the rental of the hall unless the council adopted specific regulations and unless there was an established set of rules he would resign the custodianship.

Councilman Haswell said so long as the hall was wanted for a legitimate. prohibits the passage over roads that are closed for repairs and the penalty for violation is a fine of \$20 of 20 days in the Washington county jail, or both,

Samuel G. Cottrell, chief of the Westerly Fire District, asked for a town ordinance, that would give fire apparatus the right of way when re-sponding to alarms and cited inapparatus the right of way when responding to alarms and cited instances where there was interference on the part of operators of automobiles. The matter was referred at the July meeting to Harry B. Agard, town solicitor. Mr. Agard stated that he had informed Chief Cottrell that there was no need for a town ordinance, as that he would be fully covered by a general state iaw.

Clerk Whipple said there could be if there were any such deeire.

Town Solicitor Agard stated that there could be no discrimination against persons, but there could be discrimination in the purposes for which the hall was to be used, but that could not be anticipated.

Clerk Whipple said that if the seven members of the council did not care to assume the responsibility of renting the hall, at will, he surely would not. Were he in absolute control, there would be no dances, no refreshments nor dog nor poultry shows in the town hall, he said.

Councilman Haswell offered a motion that the present special committee on town hall, with the custodian, be empowered to rent the hall at their discretion, but in compliance with the vote of town meeting. The vote was 2 to 2, Councilman Thorpe not voting. President Culley informed Mr. Thorpe that the rules of the council required all members to vote. Mr. Thorpe declined to vote and said he was not need for a town ordinance, as that he would be fully covered by a general state that there was no need for a town ordinance, as that he would be fully covered by a general state in the responsibility of renting the month of July. Seven arrests were for in toxication, three for violation of light toxication, three for could be best left with a free commit-tee, or be governed by established reg-luations. President Culley then de-clared the vote a tie, and as chair-man he dissolved the tie and defeated the metion. In the opinion of the milk inspector, his jurisdiction is confined to licens-ed dealers and it is essential to pub-lic health, that milk served at some fountains ought to be inspected.

man he dissolved the tie and defeated the motion.

It was then voted that Councilmen Fiynn, Robinson and Larkin be continued as the town hall committee, and report to the next regular meeting specific regulations concerning the leasing of the town hall.

Property owners in Pearl street complained of the poor condition of that highway and asked for improvement, and that the petitioners would bear a reasonable share of the expense. Councilman Flynn said that the town had reoaired the street in order to make traftic safe, but he did not consider that the town owned the street as it had never been deeded and could not accept the street as it was not of the regulation width. Councilman Haswell said to put Pearl street in proper shape meant the spending of a big bunch of money, at least \$10,000. The highway committee had helped conditions some but could do no more at present, owing to lack of appropriation, it was a question whether the council could accept Pearl street as a public highway and he believed it to be a problem for solution by the taxpayers in town meeting assembled. On motion of Councilman Flynn the petition was referred to the highway committee to be introduced for action at the regular financial town meeting.
